

CAPABILITY STATEMENT 2026

PRACTICAL SAFETY. REAL SOLUTIONS.

DJ's Safety Solutions provides flexible WHS and HSEQ support to businesses, projects and operations across all industries. From local and metropolitan workplaces across Australia and short-term assignments through to FIFO, major projects and offshore operations, services are tailored to the needs of the client. The focus is practical, credible safety support that improves risk management without unnecessary complexity.

WHS & HSEQ SERVICES

- Site and workplace safety advisory support
- Risk assessments, JHAs / JSAs, SWMS and critical controls
- Incident investigation and ICAM facilitation
- Inspections, audits and compliance reviews
- Safety systems, procedures and documentation

FLEXIBLE SUPPORT

- Short-term, casual, project and ongoing engagements
- Local & Metropolitan workplace support across Australia
- FIFO and remote-site assignments
- Shutdown, construction and project campaigns
- Offshore, marine and international rotational work

INDUSTRIES

Available to support clients across any industry requiring practical WHS expertise, including oil & gas, mining and resources, construction, civil, infrastructure, manufacturing, logistics and warehousing, marine, utilities, maintenance, shutdowns, professional and commercial workplaces, small and medium businesses, and other high-risk or general-industry operations.

EXPERIENCE

More than 10 years in high-risk industries, including oil & gas, offshore, drilling, well services, construction, commissioning, shutdowns, decommissioning and mining — starting on the rig floor, moving into well services and then into HSE. This hands-on, high-risk operational experience provides a strong foundation that can be applied to businesses and workplaces across broader industry.

QUALIFICATIONS & CREDENTIALS

- Diploma of Work Health & Safety
- ICAM Lead Investigator
- Lead Auditor — ISO 9001, ISO 14001 and ISO 45001
- Current offshore training including FOET with CA-EBS, OEUK, MSIC
- Extensive operational, contractor and workforce engagement experience

HOW DJ'S SAFETY SOLUTIONS CAN HELP

Practical WHS support scaled to the size, risk and needs of your business.

WORKPLACE & SITE SUPPORT

Hands-on WHS support for local businesses, workplaces, construction sites, workshops, warehouses, projects and operational facilities. Support can range from a one-off review or site visit through to embedded Safety Advisor coverage.

DOCUMENTATION & SYSTEMS

Development and review of risk assessments, JHAs/JSAs, SWMS, procedures, registers, inspection tools, safety plans and other WHS documentation. Existing systems can also be simplified and improved where they have become overly administrative.

INCIDENTS, AUDITS & ASSURANCE

Incident investigation, ICAM facilitation, corrective-action review, workplace inspections, internal audits, compliance reviews and ISO-aligned assurance support.

PROJECT, FIFO & SPECIALIST SUPPORT

Experienced coverage for major projects, shutdowns, remote operations, mining, oil & gas, offshore and marine work where strong high-risk operational experience is required.

ENGAGEMENT OPTIONS

LOCAL / METRO	PROJECT / CONTRACT	FIFO / REMOTE	OFFSHORE / MARINE
Workplace visits, reviews & advisory support	Short or long-term HSE coverage	Mining, resources & remote operations	Campaign & rotational support

SELECTED PROJECT EXPERIENCE

Delivered by Daniel Joubert in HSE roles prior to establishing DJ's Safety Solutions.

- **INPEX** — Ichthys Phase 2B compressor module installation
- **Woodside** — Scarborough hook-up & commissioning
- **Shell** — Prelude FLNG turnaround
- **Chevron** — Thevenard Island decommissioning and Wheatstone shutdown
- **Rio Tinto** — Marandoo horizontal directional drilling dewatering project

WHY DJ'S SAFETY SOLUTIONS

- Broad WHS capability — not limited to one industry or type of workplace
- More than 10 years in high-risk industries, with a hands-on operational background
- Practical approach that works with the business and the workforce
- Flexible engagement: one-off support, short-term coverage, project work or ongoing assistance
- Available across Australia and internationally for local, metropolitan, regional, FIFO, offshore and rotational assignments
- Fully insured — Professional Indemnity and Public & Products Liability
